PROSPECTIVE MEMBER – EVERYONE WELCOME!

We wish to welcome all prospective Members to the P-38 National Association. The purpose of our organization is to collect information and memorabilia and to perpetuate the memory of the famed WWII P-38 Lockheed Lightning and F-5 for future generations. We have well over 1900 records of persons who either have "hands on" experience with or are dedicated fans of this state-of-the-art fighter aircraft. The P-38 was not just a fighter – it also carried high explosive and incendiary bomb loads of up to 4000 pounds, competing with the early WWII bomber aircraft. It was the weapon system of choice of America's "Ace of Aces," Major Richard I "Dick" Bong.

Our hands-on Members include crew chiefs, maintenance personnel, armorers, cooks, pilots and administrators of any military organization flying or supporting the aircraft. This includes WASP personnel, technical representatives and manufacturing personnel of companies who supplied the military or supplied the factories producing and/or maintaining the P-38 / F-5. Our fans include those who had relatives involved with the manufacture or use of the planes and those who are enthusiasts of this plane (or this period in history).

When you decide to join, please give complete details to the questions asked on the reverse side of this letter. This data will be used to update our Member History archives so they may be readily available to our Members and/or used for research by writers, historians and those looking for past friends. We have found that most of our Members welcome this link. If you, however, do not wish to have your data available to any others, please check the appropriate box on the application and we will not include you in the Membership Roster.

We have founded the P-38 National Association and Museum to help preserve her history for all time.

P-38 NATIONAL ASSOCIATION DUES
